Mrs. Morgan's regular open meeting will occur at her residence, 119 Quincy street, Tuesday evening, Nov. 6, 8 o'clock. All cordially invited.

Miss Anthony Tonight.
Miss Susan B. Anthony, general-in-chief of the woman's suffrage forces, will deliver her final speech at Metropolitan hall tonight. Also Joe Waters, the convincing suffrage advocate.

For instance, Mrs. Chas. Rogers, of Bay City, Mich., accidentally spilled scalding water over her little boy. She promptly applied De Witt's Witch Hazel Salve, giving instant relief. It's a wonderfully good cure for burns, bruises, sores, and rashes.

Silver Leaf vinegar remains in the front. It is the best table and pickling vinegar. Ask your grocer for it and take no other. It is the cheapest.

Do you want fine laundry work? Try the Topeka Steam Laundry.

Loveland lodge No. 82, D. of H., will give a masquerade ball at Hudson's hall, 701 Kansas avenue, November 7. Price 25c.

If the hair is falling out or turning gray, requiring a stimulant with nourishing and coloring food, Hall's Vegetable Sulfur Hair Renewer is just the specific.

Ayer's Hair Vigor invigorates the scalp; cures dandruff and itching. An elegant dressing.

The Ladies' Aid society of the First Presbyterian church have an all day basket meeting, Wednesday, November 7, at the church parlors. All the ladies of the congregation please bear this in mind and come prepared for work and a good time.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research for centuries. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord and the brain and so sensitive that a portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by this injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

DR. FRANKLIN MILLS, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, nervousness, depression, blues, mania, melancholia, insanity, epilepsy, St. Vitus' dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Mills' Restorative Nervine is due to the fact that it is based on the foregoing principle. Dr. Mills' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by Dr. Mills, 1000 Broadway, New York, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opiates nor dangerous drugs.

LEAVENWORTH, Nov. 5.—Saturday while G. N. Peters, superintendent of the clothing department at the penitentiary, was away, Convict Patrick Chase walked into the clothing department. No one being there he donned a suit of citizen's clothes underneath his stripes and returned to work.

At noon he was sent to the coal shaft with others to carry dinner to the miners. Convict Chase walked on into the coal sheds and laid off his stripes. That was the last seen of him. He had four years yet to serve.

A GANG OF HORSE THIEVES.
It is thought a Regular Band is Operating About Oskaloosa.

Atchison, Nov. 5.—The mare that was stolen from John Reiser's son a few nights ago was found Saturday by Frank Mayfield, a member of the Atchison County Protective association, at Millwood, Leavenworth county. The harness and buggy found by Mr. Graham near Potter Thursday proved to be the ones stolen from John Reiser a few nights after the mare was taken. The protective association is in hot pursuit of the thief, and no doubt will get him, as he is well known. It is generally thought he is in hiding in the vicinity of Oskaloosa.

It is also thought that he was acting in conjunction with some fellows that are professionals and are located near Oskaloosa, and have a run-way for stolen horses into No-Man's Land, as most of the horses that have been stolen from Atchison county have been traced to the vicinity of Oskaloosa and lost track of there.

SUPPOSED DEAD MAN LOCATED.

A Wichita Mystery of Years Standing Cleared Up by a Letter.

WICHITA, Nov. 5.—A letter received here from W. H. Bauer of Port Lavaca, Tex., partially clears up an old time mysterious disappearance. In 1872 Bauer had a fine claim in this county. One night a span of horses belonging to a neighbor were stolen and the farmers of the vicinity, Bauer among them, started in different directions on the hunt for the thieves. Bauer never returned. Some weeks later a badly decomposed body was found on an island in the Arkansas south of town and it was identified as that of Bauer and buried as such, two of the present deputy sheriffs of the county acting as mourners.

A letter was received from Bauer addressed to the sheriff of the county asking about the first settlers of the county and inquiring whether a man named Stein, then a resident here, had left the vicinity. Bauer says nothing in explanation of his disappearance, but the matter will now be investigated.

Five Prisoners Escaped.

Lawrence, Nov. 5.—Five prisoners cut a hole through the roof of the county jail Saturday night and escaped. Two of them, named Austin and Hunter, were awaiting trial for horse stealing, and the other three, Dooley, Ryan and Smith, were charged with robbery. The gang was led by Ryan, who was captured in Kansas City a short time since and was considered by Chief Speers of that city one of the worst men he ever had in his charge.

Safe Blows at Parsons.

PARSONS, Nov. 5.—The Memphis depot in this city was entered by burglars and an unsuccessful attempt made to blow open the safe in the office. The robbers drilled a hole through the door of the safe until the chilled steel lining on the inside was struck. They then placed a stick of dynamite in the opening and touched it off. The front lining, together with the knob and combination lock were blown off, but the safe was not otherwise disfigured.

Arrested for Assault.

WICHITA, Nov. 5.—Charles McCoy has been arrested for assault upon Carolyn S. Turner, aged seventeen years. The warrant was issued Saturday afternoon and placed in the hands of the officers, but the defendant learning that he was wanted took his departure for parts unknown, but his whereabouts were ascertained by the officers and he was apprehended and placed in the county jail.

Thinks Street Cars a Nuisance.

LEAVENWORTH, Nov. 5.—Carl M. Keller has filed a suit against the city of Leavenworth to recover \$5,000 on account of an alleged nuisance that has been placed in front of his house, to-wit: the Leavenworth Electric railroad. He alleges that the railroad obstructs the street and he demands that it be removed.

IN RAILROAD CIRCLES.

The Santa Fe Business in Stock, Cotton and Sugar.

GENERAL RAILROAD NEWS ITEMS.

The A. R. U. Has a New Insurance System—Railroad Personnel.

The Santa Fe's big stock business from the southwest still continues. Lots of the cattle that is bothering the roads to take care of comes from Mexico. Since the tariff on cattle has been removed by the Wilson bill the shippers there have been pushing cattle to the states as fast as possible.

The cotton crop of Texas and Oklahoma this year is about as usual. The deal of the attention of the Santa Fe. There are now two thousand box cars in Texas engaged in hauling the cotton crop to Galveston, where it is being shipped to England for manufacture. Hawaiian sugar by way of California is demanding a good deal of attention, too, and there is now an order in for five hundred Santa Fe cars in first-class condition and the car service people are hustling to fill the orders.

The road is also having a hard time to all its orders for coal cars and if the crops had been good this year, there would have been a lot of wild-eyed Santa Fe car service people in probate court before December. The train men are not kicking, however, so long as they are kept busy.

OFFICES AND SHOPS.

A Few Notes of Interest From the Workers.

Advertising Manager Simpson, of the Santa Fe, has received a letter from James Boyle, private secretary to Governor McKinley, of Ohio, thanking him for the many kind words and clippings from the Kansas papers regarding his visit to Kansas, that Mr. Simpson sent the governor.

General Passenger Agents George T. Nicholson, of the Santa Fe, and T. J. Anderson, of the Rock Island, were in Kansas City yesterday attending a rate meeting of the Western Passenger association.

The doors are beginning to be closed at the Santa Fe shops.

There is a good deal of work at the Santa Fe shops at present, and it is possible that a few more men will be put on soon.

A. R. U. INSURANCE.

A New Scheme That Will Help Members of the Railway Union.

Since the A. R. U. has moved its place of meeting from the "racket" assembly hall on Kansas avenue to East Seventh street it has sort of been lost sight of but it is flourishing just the same. It meets on the second and fourth Monday evenings in each month.

The local lodge has made a new departure and will introduce in its proceedings a beneficiary insurance that will be a great inducement to all its members. An assessment of twenty-five cents will be levied on each of the members and it shall go into the treasury as an insurance fund for members of the order. If he dies, his family gets \$100; if his wife dies he will get \$50; if one of the children dies he gets \$25; and if he gets sick the insurance also includes a benefit of about \$5 a week. All these sums have not been settled yet but are given to show the comparative good the new idea will do among the members.

GENERAL RAILROAD NOTES.

Railroads and Railroad Men Along the Kansas Lines.

A baby boy has come to the home of Dr. and Mrs. J. R. Fay of the Santa Fe. The Rock Island is enjoying a particularly heavy California business at present. The west bound train that went through yesterday was in two sections to handle it.

The Kansas City Star says: The Denver sleeper on No. 5, the best and most reliable train on the Santa Fe system, this morning carried twenty-five passengers going through from Chicago. Only five were "dead heads."

Kansas City Star: A gentleman who came out from Boston to Topeka to attend the annual meeting of the Atchison company, writes to a friend in Kansas City: "I hear that politics is cutting a
